Announcement for prize winners in sweepstakes for Babies' Health Show Department.

The largest crowd that ever assembled on the grounds of the Bourbon County Agricultural Society to witness the fourth day exhibit was present yesterday. Had it not been for the threatening weather conditions the crowds would have reached a thousand more than that which thronged the grounds from the opening of the gates at ten o'clock until the close in the afternoon.

At intervals during the day a light rain fell but it was not sufficient to preclude the exhibition which was one of the best that those who have attended the fair for many years have witnessed.

The opening events of the day were confined to the mule class and not since the reorganization of the fair have there been seen better exhibits. The sucking mule class was the center of the attraction in these particular rings. With the four premiums attached to this ring there was a very strong competition, resulting in W. F. Sanders, of Millersburg, carrying off the first prize with a handsome black mule colt.

In the harness horse classes Messrs. Matlack & Shropshire, of Winchester, Caywood & McCray Bros. of Winchester, and E. K. Thomas, of Bourbon, were the most prominent contenders.

The principal attraction of the afternoon was the cake walk, which was announced to take place at 3:30 o'clock, and which was participated in by six couples. Messrs. C. B. McShane, of Paris, George Stucky and J. W. Bain, of Lexington, acted as judges, and their decisions met with the approval of the large portion of the audience. During the time the cake walk was in progress the stand was crowded to its utmost capacity with the eager throngs that quit the midway for this attraction. The first prize was awarded to George and Anna Thomas, of Paris, Brown and Brown, of St. Louis, second; and Bull Davis and Carrie Flock, of Atlanta, Ga., third. Corbin Miller, of Paris, acted as pilot.

The final award in the Babies' Health Department was made yesterday, resulting when Nancy Carroll Baldwin, daughter of Mr. and Mrs. Grover Baldwin, of Paris, won the girl prize, with an average of 92, while William Ray McCray won the boys' prize with an average of 94%. Others of the honor roll were Prentice W. Burton, average 94%, Frances Ferguson, average 92% and Russell Mann Kenney 94.

The ring for the fancy turnout brought out three entries and was won by Louis Lee Haggan, of Lexington, with a beautifully decorated vehicle, driven by Cottle Nagle, of Lexington, and accompanied by Mrs. Coper, of North Middletown.

The awards for the day were as follows:

Best fancy turnout, decorated, and driven by gentleman and lady—L. L. Haggan, Fayette county, first; W. A. Holt, Paris, second.

Best horse mule, 3 years and over—Gentry, Thompson & Duvall, of Lexington, first; Chas. Martin, Millersburg, second.

Best horse mule, 2 years and under 3—Gentry, Thompson & Duvall, first.

Best horse mule, 1 and under 2 years

KENTUCKY ROAD EXHIBIT FOR COUNTY FAIRS.

An interesting exhibit is being prepared in the State Department of Roads for the State and county fairs. One part of the exhibit will be a model road, built to scale of an inch to the foot, for a sixteen-foot roadway, thirty-three feet from ditch to ditch. The model is mounted on a light wagon frame with a carefully rolled sand foundation, showing a cross section of the road, the first course of large stones, the second course of gravel and the surface screenings, all properly rolled and water bound, together with the proper slope of crown. From the wooden frame to the crown the road is built exactly as a first-class pike should be built. Several of the models will be sent out this month.

Besides this there are enlarged photographs of actual roads "before and after" improvement, the series showing the social and economic benefits of good roads. Some of the photographs are of conditions in Kentucky. One picture shows children going to school over an old-fashioned knee-deep mud road, and its companion exhibits children going to school over the same road improved. It so happens that improvement in the road and the school building were contemporaneous and the pictures bring out this significant fact.

Another from the cotton belt shows a team of mules drawing a wagon with difficulty, laden with two bales of cotton. Its companion picture shows this road improved, bearing a wagon laden with a half dozen bales. A striking pair of pictures presents a physician's buggy stalled in the mire, and a horse also mired, and they hear the legend that the physician was delayed, the patient died and the funeral halted by the mire.

NATURAL GAS SOON TO BE AVAILABLE.

The Paris Gas & Electric Co., Inc., has made arrangements whereby they will be able to distribute natural gas in Paris. We will therefore discontinue furnishing artificial gas on or about October 1, 1913, and will furnish to all consumers who sign natural gas contracts on or before October 1, 1913, natural gas at a price of 40 cents per 1,000 feet, gross, with a discount of 5 cents per 1,000 feet on all bills paid on or before the 15th of the month following monthly service, and we would advise all users of artificial gas to have their gas pipes inspected to see if they are in proper condition to stand the increased pressure of natural gas. We expect to have all mains laid and be able to furnish natural gas by October 1st, and will be in a position to furnish gas ranges, stoves and heaters, and make all necessary installations.

At the net rate of 35 cents for natural gas it will be to the advantage of every housekeeper in Paris to install a gas range in the kitchen and heaters throughout the entire house. We will be glad to send a representative to your home to make an estimate on the cost of piping, and would advise that you get into communication with us at once, so that we may be able to make arrangements to do the work as quickly as possible, and all installations will be made in order received. We would suggest that you make arrangements to purchase your cooking and heating appliances and have the house piping done now, so that when we get the service laid there will be no delay in connecting.

YOU WILL BE PLEASED.

TURNER'S STRING TO RACE AT LOUISVILLE.

Horrion, Amos Turner's crack 3-year-old, has been entered in the Falls City Handicap at Churchill Downs Louisville, and all this turfman's string of horses will be shipped there some time in September. Horrion is the most spectacular 3-year-old now on the turf, inasmuch as in his six starts this season as a 3-year-old he has not been beaten. His six victories include among them the Hamilton Derby, and he has all told earned \$9,430 this season, with the exception of Gowell he being the largest winning 3-year-old on the American turf.

Horrion was a clever 2-year-old last season, winning five races in ten starts and earning \$2,298. This makes his earnings to date \$11,710, which is quite a snug sum for a performer in these days before his 3-year-old career is even near over. It is surely a credit to Imp McGee as a sire to have out in one season two Derby winners like Donnerail and Horrion. As the former will also race at Louisville this fall, as well as Gowell and Buskin, with the arrival of Horrion the four great Derby winners of this season will be quartered next month at the two Louisville courses. Turney has also entered in the Falls City Handicap his other good 3-year-old, Kleburne.

STATE FIRE WARDENS.

John L. Smith, of Eddyville, and Jas. Buford, of Frankfort, have been appointed State Fire Wardens of the Forestry Commission, effective September 1. They will organize a force of patrols to protect forests of the State from fires.

THEATRICAL.

Songs that possess the proper lilt to make them popular, comedians, vocalists and dancers who are capable of winning applause and recognition anywhere and a production sure to be endorsed, is underlined as the next attraction at the Paris Grand on Thursday, August 2nd. The company is the noted "Smart Set" troupe, the offering is entitled "The Wrong Mr. President" and the bright particular star is none other than that irresistible annihilator of gloom, Salem Tutt Whitney. This season Mr. Whitney will appear in a brand new comedy in three acts with musical trimmings. We can recommend it as the best of its kind and one sure to gladden the hearts of exacting folks who like to be amused in a way sure to find immediate appeal. Mr. Whitney is responsible for the book and lyrics and we might add that he did his part exceedingly well. He will have the assistance this year of forty people, including that droll and uncanny fellow, Homer Tutt, who next to the star, is regarded as the most capable colored funmaker in the profession. Then there is Blanche Thompson, a fascinating and versatile prima donna with a voice that combines beauty, range and volume. The vehicle is most elaborate and the scenic equipment and other accessories complete in every detail. The organization travels in its own private cars and is managed in a thorough up-to-date manner.

CARLISLE PEOPLE BEGGING FOR ICE.

A special dispatch to the Louisville
Evening Post of Thursday from Car-
lisle says: "Great throngs of people
awaited the arrival of the early freight
train here when it became known that
a car load of ice from Chillicothe, O.,
was to be received to break the ice
famine which has held sway since last
Sunday. A half car load was received
and only gave slight relief. The car
was surrounded by eager people with
ice books and conveyances, almost
begging to be waited on. The local
dealer did everything possible to par-
cel the ice out among the people, but
it was exhausted long before the de-
mand was satisfied."

EDELEN SHOW HORSES ARE BURNED IN BARN.

The big stock barn of Allen E. Edelen, one of the best known horse breeders of Kentucky, near Burgin, was struck by lightning and destroyed, causing a loss of about \$12,000. Forty horses were in the stable at the time, many of them having won prizes at the various fairs throughout the State. Thirty-eight were saved, but one of those destroyed was Liberty King, for which Mr. Edelen had recently been offered \$1,250. The barn was one of the largest in that section and was valued at between \$8,000 and \$10,000. The loss was partly covered by insurance.

FALL MILLINERY.

I have just arrived home from the East, where I bought the very latest in Fall millinery. It was all shipped by express and has arrived and is ready for inspection. The ready-to-wear hats are exquisite. While attending the Fair take a few minutes off and call in and have a look.

DRAWING THE LINE.

The engagement of Jack Johnson, the American colored pugilist, by a London Music Hall was condemned at a meeting of the Variety Artists' Federation. Regret was expressed that the rules of the federation prevent the Executive Committee from taking drastic action. A resolution was adopted characterizing the engagement of Johnson as a violation of public decency. Hostility to the negro boxer's appearance on the stage is gathering momentum, and it seems likely that his engagement will be canceled.
